GLORIOUS WINTER

A good person wants to be righteous.
Why?
I do not know.
But I know what is righteous.
Yes we want to know as well!
Could you tell us please?

Righteousness is simple.
It is not that complex anymore.
It is something that you can tell.
You can know righteous.
If somebody is righteous you can know.

Now tell me, I am just dying to know.

Righteous is justice, that is all.
It is so simple.
All human beings alive are good.
What about righteous?
That one is different.
To be righteous, you got to practise justice.
You got to love other people.
And all the things around you.
You got to say good things about what we experience.
Like the world we all live in.
Be it cold or hot.
Be it rich or poor.

You got to love the land that you live in.
And every other place that you go to.
The best way to stay alive.
You got to take life serious.
Do not let people instigate you to do bad.
Do what you think is right.
Listen to other people.
Do not just refuse their advice.
But you got to contribute to make your life.
What other people say to you is their view.

You do not have to take them.
You still got to think about it.
Is this an opinion or a fact?
But I want you to do what you think is right.
Not just what other people tell you to do.
The world is such a great place.
And you do not have to be a fool!
Winter is fresh indeed.
