VOTE FOR SOUTH AFRICA, SAY GOD

I am not a South African.
I am British.
Therefore, I am not that affected by South Africa.
Whatever I say about South Africa is the view of an
outsider to South Africans.
I am not just stating my views.
I am a writer, I write for a living.

So what?

So plenty, about South Africa.
Who is going to free South Africa?
We've all heard it, we've all seen it.
We are not blind, we are not deaf.
What is going to be done about South Africa?

To me, these are my recommendations.
South Africa should be free soon.
We must avoid another Hitler.
We must stop apartheid South Africa today.

I am calling on GOD, this is how far I can go.
GOD please help us, we will never forget this.
GOD, are you going to help South Africa?

How can GOD help?
Only GOD can help in this situation.
Whoever supports apartheid South Africa is an
evil person.
I can assure them that, they will lose their identity.
Because, they put GOD to the test.
Forget the days of slavery, but today apartheid South Africa.

Who is supporting apartheid South Africa?
Please stop supporting apartheid South Africa.
South Africa is not our business, it is not!
Let us bring our children up properly.
Let us bring them up into a good world.
A world with no hatred, no jealousy.

No one have to tell us today, that slavery wasn't good.
What about apartheid in 1988?
To me, it is worse than slavery.
Not only was those black people in South Africa robbed
of their identity, they were robbed of their brains.

A million woes betide whoever supports apartheid
South Africa again.
The preaches of GOD is forgiveness.
Thank GOD for that.

MODERN ROMANCE

I want to be creative.
I want to be inventive.
I wonder all these things made by man.
Things like Aeroplanes, Ships, Cars, Electricity,
Water system, Music sets and all these things made by man.
I wonder how they were made.

I think those people who invented them were more creative
than we are today.
I do not think that is right.
Because we also are trying.
By putting these things to use.
And not reject them.
It is also a kind of creation.
But try to be creative still.

You must invent something in your lifetime.
Be it love, be it kindness, be it friendliness.
It is a kind of invention too.

But I do not still give up.
I want to be more creative.
But I think that everyone could be a star.
So long as they want to be.
To be a star, you got to be lovely.
You got to be Romantic.
Then certainly you will be creative one day.

You need me like I need you.
Those who made the Car.
And those who write the book.
Those books authors like me.
We need one another.
But I still want to be inventive.

This is what makes me live.
But can I really be inventive? Can I really be creative?
Can I really accept the society I am in?

I think it is GOD.
Who always wanted that I should improve.
So HE always tell me, that I must think.
All these things were man made.
What are you going to do?
Sincerely I can not think of one thing.

But I have to try and try.
I do not have to be creative in evil deeds.

MODERN ROMANCE

I do not have to be creative in lies and gossip.
I want to be GODly and lovely.
In that way I will be progressive.
If you will copy me.
Then, that is Modern Romance.
